A WINNING TRADITION

Evidently the coaches of Richland had a few tricks up their sleeve. Richland was the only one of the three schools to have a winning football season. Everyone at Richland is very proud of the team and appreciate their efforts.

The Rangers only had four losses. The first loss came at Lake when the Hornets won *30-0*. Their second came at Puckett and the score was *8-28*. The last two upsets were back to back. Byram won *18-6* at the Ranger homecoming. Pisgah, however, rallied for 27 points in the last part of the second half to win *27-0*.

However, the Rangers had six wins, and they started it off right by beating West Union *20-12*. The very next week the Rangers put St. Andrews down *21-6*. Their third win came at home again, against Scott Central, when the Rangers won *14-10*. A fourth victory was inevitable. The Rangers were really fired up when they were hosted by McLaurin. At the end of the game it showed when the score read *25-20*, in the Ranger's favor. Three weeks later, the Rangers bounced back from two losses to annihilate Benton *46-0*, to assure the Rangers of at least an even season. At the last game of the season, the Rangers pulled it off once more. The Rangers refused to lose to Bentonia and held on to a one point lead to win *15-14*. This clenched a winning season for the first year Rangers and hopefully set a winning tradition to be carried out in the years to come.

FOOTBALL

The Junior High Football Team proved its fortitude and spirit many times during this season. The experience that these team members acquired under Coach Ricky Hawthorne will certainly be apparent as opponents face these intrepid junior Rangers in years to come. With such spirit and determination combined with their invaluable experience and excellent leadership, these junior Rangers will be an exciting team to watch in the future.

YOU ARE A PERSON . . .

It was never intended that an individual should be lost in a crowd or become a number on a computer card. At Wesley College everybody is somebody. The small size of the college insures that each student receives personal attention which is almost totally lacking in many of the larger colleges and universities.

Wesley College occupies a beautiful forty-acre campus located in Florence, Miss., twelve miles south of Jackson, the state capitol. The proximity of the campus to Jackson, a growing metropolis of 500,000+, provides opportunity for employment, consumer buying power in a competitive market, and cultural benefits available only in a large city. Yet the campus is in a rural atmosphere with the advantages of a small town.
